

# Universal Swingout Arm

New AM250 fits most 37"-50" LCD/Plasma Displays

The latest addition to the Premier Mounts product line is our new Universal Swingout Arm for 37"-50" displays - the AM250.

This revolutionary design is the first scissor-style swingout arm from Premier Mounts. It offers smooth tilt adjustment of 10°, plus you can pull your LCD/Plasma up to 16" from the wall and push it back to just under 3.5" off the wall when collapsed. Once extended, the user may pivot the display up to 45° to the left or right. Best of all, it's backed by our industry-leading Lifetime Guarantee.

## Features

- Fits displays from 37"- 50"
- 10° tilt down
- 45° swing, left and right
- 3.5" -16" extension from wall
- Lifetime Guarantee
